READ: Govt. Memo.No.48180/D.548-3, dated 29-11-1948.

Reference:-

In their Memorandum cited above, the Government Ordered that they could not accept the Board's proposal to employ three additional peons in the Excise branch of the Boards office. It was also remarked that if the Board considers that one section requires three peons, they may be provided for by some internal arrangement. The Board submits that it is hardly possible to make such an internal adjustment as the number of peons now wxisting is far below the minimum required for efficient despatch of business. The Board desires d to submit that the special circumstances occurring in the Excise branch of the Board which were brought to the Government's notice in Board's reference C.R.No.27385-Abk/48-XB1, dated 8-8-48 may be taken note of and that a deviation may be made from the standard scIale for employment of peons. The Board submits also that if it were in any way possible to make internal adjustments, it would not have applied for sanction of additional peons. There has not been the slightest decrease in work inthe Excise branch after the extension of prohibition. The Board therefore requests that the Government may be pleased to reconsider their orders and to sanction the employment of the additional peons.
